ABOUT ME

As a passionate **UI/UX designer** with 1.5 years of professional experience, I am dedicated to merging the art of design with the science of functionality. My expertise spans across various design disciplines, including sophisticated web and mobile app design, as well as dynamic film and video editing. I am proficient in an array of industry-standard tools such as Figma, Adobe XD, InDesign, Photoshop, After Effects, Premiere Pro, UX Pin, Webflow, Dora, and cutting-edge AI technologies, which I leverage to bring creative concepts to life. My design approach is firmly rooted in user-centered principles, ensuring that each project I undertake results in engaging and impactful user experiences. I am enthusiastic about joining forces with forward-thinking teams to contribute to innovative projects that demand creative excellence and attention to detail.

Dynamic UI/UX Designer with 1.5 years of experience, adept in crafting intuitive digital interfaces with a blend of aesthetics and functionality. Skilled in Figma, Adobe Suite, UX Pin, and AI tech, I'm keen to bring my user-focused design approach to your innovative team.
